

Summer Parking and Permits

Summer is here and those students who will be living or working on campus will need to obtain a summer parking permit from the Parking Office (Room 100 of Tomson Hall).

There is a \$25.00 charge for summer student permits. The St. Olaf College Parking Policy remains in effect all year, including summer months and those vehicles without a current permit will be cited.

There are two types of student permits during the summer, one for those students living on campus and another for those commuting to campus to work or attend classes.

On campus residents must park in the Skoglund Lot or Lincoln Lot and those commuting to campus for classes or work must park in commuter spaces by the Thompson House or Lot B (Rand Lot).

In light of conferences and events held throughout the summer, students must park in their assigned lots and not occupy faculty, staff, or visitor spaces. No overnight parking will be permitted in Lot I or Lot J during the summer as these spaces are reserved for conferences and events.

Any questions? Feel free to contact Donna Hunter, Parking Office Coordinator, at x2972 or by email at hunterd@stolaf.edu
