

ST. OLAF COLLEGE 2014 PROFILE

Founded in 1874 by Norwegian Lutheran immigrants, St. Olaf is a nationally ranked liberal arts college of the Evangelical Lutheran Church in America located in Northfield, Minnesota.

Location

Northfield is a historic river town of 20,000 in the southeast part of Minnesota, just 45 minutes from the Twin Cities and Minneapolis/St. Paul (MSP) international airport. Downtown Northfield, within walking distance of campus, has been restored to recall the 19th century and features coffeehouses, sandwich shops, restaurants, gift stores, and local art galleries. Northfield is also home to Carleton College, an athletic rival whose campus is just across the Cannon River.

Campus

Known as "The Hill," St. Olaf College's picturesque 300-acre campus is home to 16 academic and administrative buildings, 30 student residences, and 10 athletic facilities. As a residential college, 93 percent of St. Olaf students reside in one of the 11 residence halls and 19 academic and special interest honor houses. Adjacent to campus are 325 acres of restored wetlands, woodlands, and native tallgrass prairie owned and maintained by St. Olaf, and a utility-grade wind turbine that supplies one-third of the college's daily electrical needs.

Accreditation

St. Olaf College is accredited as a degree-granting institution by the Higher Learning Commission of the North Central Association of Colleges and Schools. The college's academic programs are also accredited by the American Chemical Society, Commission on Collegiate Nursing Education, Council on Social Work Education, National Association of Schools of Art and Design, National Association of Schools of Dance, National Association of Schools of Music, National Association of Schools of Theatre, and National Council for Accreditation of Teacher Education.

Academic Calendar

St. Olaf College is one of only a handful of colleges and universities that adhere to a 4-1-4 academic calendar. The January Interim is a four-week period of intensive study that provides an opportunity for faculty and students to focus their attention on one course, offering a time for in-depth study. Many students choose to pursue off-campus and international study during this time.

Academic Program

St. Olaf College offers a traditional four-year liberal arts education distinguished by both breadth and depth. Within the bachelor of arts degree program, academic majors are offered in 39 different disciplines and subject areas in the natural and mathematical sciences, fine arts, social sciences, and humanities. Students also may pursue an individually designed major on any subject that permits coherent, in-depth study using resources available through the college. In addition to the bachelor of arts degree in music, the Music Department provides a professional bachelor of music degree with majors in performance, church music, theory and composition, music education, and elective studies. To enrich their learning, St. Olaf students may choose among 23 different interdisciplinary concentrations including Asian studies, environmental studies, linguistics, and neuroscience.
