ARE YOU AN OLE?

The St. Olaf Women's Soccer ID Clinic is designed for rising 9th-12th grade girls who are looking to be recruited by the St. Olaf Women's Soccer Coaching Staff.

The clinic will include warm-up drills, skill games, and 11v11 scrimmages so that coaching staff can observe players in multiple scenarios. Instead of relying on a single tournament game to make an impression, participants in the ID Clinic can be closely evaluated by Ole coaches and current players. Learn about the recruiting process, life at St. Olaf, and the culture of St. Olaf student athletics in an intimate team-oriented setting.

Clinic includes a campus tour and lunch.
