

Budget Manager Guide

Budget Basics

Fiscal Year

FISCAL YEAR The fiscal year for St. Olaf College (the College) is **June 1 through May 31**. When we refer to a fiscal year, it is referring to when the fiscal year ends (e.g., Fiscal Year 2026 is June 1, 2025 – May 31, 2026). Each month is referred to as a period within the fiscal year:

- Period 1 = June
- Period 2 = July
- Period 3 = August
- Period 4 = September
- Period 5 = October
- Period 6 = November
- Period 7 = December
- Period 8 = January
- Period 9 = February
- Period 10 = March
- Period 11 = April
- Period 12 = May

Tax-Exempt

TAX EXEMPT NON-PROFIT St. Olaf College is a 501(c)(3) non-profit corporation that is a tax-exempt entity in the state of Minnesota. Exemption certificates are available on the Finance Office webpage. If traveling to states other than Minnesota, contact the Senior Accountant in the Business Office at 507-786-3022 to find out if we are exempt in that state.

Exceptions: We do have to pay tax for airfare, prepared meals, lodging and gas in Minnesota.

Policies and Procedures

Become familiar with the Business Office Policies and Procedures!

Frequent Items:

- Daily meal limits and mileage rates
- Must be certified to drive prior to driving for business (college vehicles or rental cars)
- Rental cars – contracts with Enterprise/National include insurance! No 12+ passenger
- No alcohol, unless hosting donor/outside guest
- Gifts/flowers for employees – typically not allowed - see Gift and Gift Card Procedures
- Prizes/Gift cards are typically taxable
 - see Gift and Gift Card Procedures - try to avoid gift cards and work with Business Office if purchasing them
- Try to avoid handling cash or charging students for extra items
- Special rules if bringing Minors to campus

General Ledger Account Code Structure

Coding consists of three required fields: Fund, Cost Center, and Account, plus an optional Activity Code

10000-16112-62000-00000-00000-00000-00000

Fund:

The funding source.
10000=College general operating budget.
2XXXX = Agency Funds
4XXXX = Restricted Funds (typically gifts/endowments)
50000=Government Grants
6XXXX=Capital Gift Funds
9XXXX=Student Orgs/Faculty Development Funds

Cost

Center:

Department
e.g., 16112 = Business Office

Account:

Expense Type
e.g., 62000 = Supplies

Activity:

Extra tracking option
e.g., set up a code for a specific alumni event to be used with the Alumni Dept Cost Center

Future Use/Inter-fund:

These codes are not currently in use – holding for possible future expansion. Use all zeros.

Project Codes/Tasks – for Capital and Grants:

Capital expenditures and grants use a special coding!

Capital projects: 60000-10001-18100 + Project #, Task#, Exp Type, and Expenditure Org

See coding and info at: wp.stolaf.edu/business-office/capital-projects

College Unrestricted Operating Budgets

Fund 10000

The portion of the College operating budget that is not funded by gifts/donors is called the College Unrestricted Operating Budget.

Each department budget is managed by a budget manager, who is responsible for planning, monitoring, and executing their department budget. The budget manager is responsible for meeting revenue targets and managing expenses within their budget.

Certain budget lines are generally managed by the College and are not managed by department budget managers. These include tuition and financial aid discount, room and board, endowment income allocations, gift revenues, base wages for faculty and staff, benefits, depreciation, and interest.

Compensation Budget

Compensation and Benefits Base compensation and benefits are generally managed by the College, rather than at the department level. The only compensation managed by departmental budget managers is the “other wages” and “student work” categories, which includes student work, summer student work, overtime, temporary employees and honorariums. Since department budget managers have discretion over student work hours and the usage of overtime and temporary labor, they are responsible for ensuring the expenditures for the “other” and “student” wage stay within budget.

The faculty wage budget is managed through the Provost Office. The staff budget is managed by the Finance Office in collaboration with Human Resources. The Finance Office and Human Resources will work with departments on hires of new employees or status change requests to ensure departments stay within both their approved FTE and total compensation budget.

Annual Fund Gifts

Annual fund gifts that come in during a fiscal year are released for spending the following fiscal year, and automatically added to the department's budget. For example, all gifts that come in between June 1, 2025 and May 31, 2026 will be released to the department as a budget enhancement for the fiscal year that runs from June 2026-May 2027.

Because they are automatically added to the operating budget by the Finance Office, departments should not spend against the 4XXXX annual fund directly. The balance in the 4XXXX fund includes new gifts that have come in that will be used for the following fiscal year, so departments should not look at the 4XXXX balance on the fund report, but rather focus on their budget-to-actual report that already includes the current year annual fund allocation added to their operating budget.

Other Restricted Funds

Restricted Funds are gifts given to the College to be used for a specific purpose. These are the 4XXXXX funds. The College has an obligation to ensure the funds are spent timely and accurately, and that expenditures are in line with donor guidelines and intent. Examples of restricted funds are:

- **Endowed spending accounts** that hold the annual income allocation from endowments that provide on-going support for the operations. The annual allocation is distributed monthly over the course of the fiscal year, similar to monthly interest earned on a bank account.
- **Restricted gifts** that provide temporary or one-time support
- **Grants from private foundations**

Endowed Spending Accounts and Restricted gifts are budgeted/spent in one of two ways:

- **General Department Restricted Gifts** will be automatically added to the department budget each year (shown as a transfer).
- **Specific Use Restricted Gifts** should be managed by the department and are shown on the "Fund Balance Report by Department". Budget Managers should submit budgets reflecting their best estimates for spending of specific restricted funds. However, even if there is no budget, spending is allowed up to the amount available in the fund, as long as the expenditure meets the donor's specifications. Unused funds roll forward to the following year, but departments should do their best to spend the funds annually, per the donor's intent.

Capital Budgets

Purchases of individual items that total over \$5,000 with a useful life of five years or more are considered capital assets that are funded through the capital budget, rather than expensed in the College's operating budget. Furthermore, projects that total over \$5,000 that extend the useful life of an asset are also funded through the capital budget. Capital funds are not interchangeable with operating funds. Requests for capital purchases are gathered by budget staff and prioritized by a group consisting of the Facilities Director, the Chief Information Officer for Libraries and IT, the Associate Provost, and Finance/Budget staff. All capital purchases must be pre-approved in the capital budget before incurring expenses.

Budget Manager Responsibilities

- **Planning:** build the department budget in conjunction with the Finance and/or Provost Office
- **Monitoring:** approve invoices/expenses and verify appropriate coding; monitor budget-to-actuals throughout the year; manage revenue and spending expectations to execute the budget; submit transfers or corrections, as needed
- **Year-End:** The College is on the accrual basis of accounting. This means that revenues are recognized in the year in which the services are performed, and expenses are generally charged to the fiscal year in which goods or services are performed or received, regardless of when the actual cash disbursement is made or received. It is especially important at year-end to note which fiscal year expenses should be charged to, and to monitor all expenses to make sure they hit the proper year and correct fund, cost center, and account. Once the fiscal year has closed, we are unable to make adjustments and post to the prior year, so it is important to review all transactions carefully at year-end to ensure all transactions are posting in the year and accounts intended. Please pay special attention to year-end reminders by the Business Office and review your budgets for any adjustments prior to the communicated deadlines.

Ole Information System Financial Reporting Software

Budget Reporting Overview

There are 3 main reports you likely need to manage your budgets (4 if you use activity codes):

1. Budget-to-Actual Reports
2. Fund Balance Reports (if you manage funds in addition to the College's general operating allocation in fund 10000).
3. Transaction Reports (to see line item detail of what was spent or what revenues came in)
4. Activity Reports (only for those departments using activity code reporting)

You need to log into the Ole Information System and then go to “Financial Reporting” to see all of the Financial Reports

TYPES OF FINANCIAL/BUDGET REPORTS (highlighted reports are the main reports budget managers should typically focus on)

A – Use to see transactions charged against your budget

B – Use if need prepaid exp/deferred rev transactions

C – Look up transactions by vendor or expense report

D – PLT report to see 1 page summary of each division

E – PLT member report to see 1 page summary of each dept

F – Shows activity code summaries within your cost center

G – Shows all Fund, Cost Center, Account and Activity #'s

H – Shows cost center managers (budget & approvals)

I – Your student workers - how much spent/left on work award

J – Look up fund balance of 1 fund

Notes: this report is by fiscal year, not period – e.g., 2025; and you need to use magnifying glass to search for fund on next screen using an asterisk before and after the fund #

K – Shows all college funds and balances

Note: only use for this is if you can't find your fund and want to search for it. Need to hit "expand all" to show all funds.

L – Report with all funds/balances for specific dept

Notes: excludes funds that are general use for the department that are already added to the operating budget in fund 10000. Cannot enter a future period, or will show 0's. Need to hit "expand all" button to see the lines of each fund.

M – Budget-to-Actual report - single cost center

Best report for areas that manage small # of cost centers. College operating allocation/fund 10000 only – this is what we hold you accountable for in the budget. You can typically just type in your cost center in the prompts, but if that errors out, you can search for it by clicking on the magnifying glass and searching for it on the next page.

N – Budget-to Actual report - single cost center – ALL FUNDS

Includes restricted fund revenues/expenditures. Might use this if you have to fill out an external report that asks how much you spent on a department, **including** restricted funds and gifts.

O – Budget-to-Actual reports by dept–multiple cost centers.

Best report for areas with lots of cost centers – has a drop down that shows each cost center individually. Also has summary pages (C-XXX) that summarizes the cost centers before it. The last page summarizes the entire department.

It will bring you back to the first screen with the fund populated, and then you can click "OK" to run.

How to Read the Fund Balance Report – Single Fund

Typically focus on the actual column. The very last number (circled amount for “ending balance with remaining endowment allocation”) is the remaining amount available to spend for the fiscal year.

Budget column can be helpful to assess if there might be other remaining expenses committed for the rest of the year. In this example, there are wages charged to the fund, so it is likely there will be \$27,965 more wages charged to the fund for remainder of the year, so the full \$33,111.05 might need to be reduced by that. There is also a \$14,500 transfer budgeted from this fund. If that transfer happens, that will also reduce the balance available for the year.

Unused funds roll forward to the following year.

Ending Balance with remaining endowment allocation	-33,111.05		

Export In Query-Ready Mode

Current Balance in Oracle (negative = money available; positive = overspent.)

Amount remaining to spend this fiscal year after accounting for remaining endowment earnings (negative = money available; positive = overspent.)

Note: The endowment remaining amount is calculated based on the budgeted endowment earnings, less what has already been allocated for the year. If more gifts have come into the endowed fund during the year, the amount available to spend could potentially be higher than shown on the report.

How to Run and Read the Fund Balance Report by Dept

1. Find your department under the “Fund Balance Report by Department
2. Enter the period (e.g. Apr-25). It is case sensitive – First 3 letters of the month, with the first letter of the month capitalized, then dash, then last 2 digits of Calendar Year. NOTE – YOU CANNOT ENTER A FUTURE PERIOD OR IT WILL SHOW ZEROS!

The last column is the amount you have remaining to spend this fiscal year. Note: This report excludes funds that are general use for the department that are already added to the operating budget in fund 10000. This report is focused on funds for specific uses that the department should be managing outside of their general budget.

Can export to excel here

Need to either “expand all” or hit arrow to expand and show all of the funds.

- Departmental Transaction Reports
 - Budget and Transaction Details - Revenue and Expense Accounts (Recommended)
 - Budget and Transaction Details - All Accounts (Use only if you need prepaids/deferred revenue)
 - Payables Invoices
 - Fixed Asset Register
- PLT Level Reports

- Fund Balance Report - Single Fund look-up
 - Fund Balance Report - Single Fund
- Fund Balance Report by Department
 - Fund Balance Report - ALL FUNDS
 - Academic Support, Student Support, Disability Support Fund Balance Listing
 - Agency Fund Balance Listing

- Budget-to-Actual Reports - By Cost Center
 - Departmental Detail Budget Report - General Operating Fund 10000
 - Departmental Detail Budget Report - All Operating Funds (including grants, restricted funds, appropriated funds)
- Budget-to-Actual Reports - By Department
 - Academic Advising Budget Report

- Select the "Budget and Transaction Details – Revenue and Expense Accounts Report"
- Select the year (or period, if preferred)
- Select any of the criteria you want to see. You can select all of the criteria, or just one if you want to see multiple accounts, etc. For example, you could select only a certain fund if you want to see all transactions charged to a fund. You could select just one cost center and see all transactions within that cost center. You can select just an activity to see all things charged to an activity code that might be in multiple funds or cost centers. You can select multiple cost centers if you want to run a few on the same report.
- Hit "Apply"
- It will automatically export the transactions to excel.
