

HEALTH INSURANCE & RETIREMENT

It doesn't matter what stage of life you're in, we welcome and encourage conversations about planning for health insurance. Whether you are looking to retire early, work past the age of 65, or are somewhere in-between, we help you form a strategy that makes sense for your situation.

Things to Consider when Choosing a Medicare or Individual/Family Health Plan

- What happens if you don't purchase coverage?
- When can you enroll?
- Does your doctor accept the plan?
- What will you pay out-of-pocket?
- What will your prescription drugs cost?
- What pharmacy can you use?
- Are extra benefits available like eye exams or dental?
- Do you spend a part of each year in another state?
- Do you have an HSA?
- Do you qualify for extra help?

These are just a few of the common questions we want to discuss with you to assure you have the most suitable plan for your situation.

Breitenfeldt Group is an Independent Broker. We offer the same plans for the same price. There are never any fees for our services.

What We Do

Our focus is to educate and advise on all your Medicare and Individual/Family health insurance options. Together, we want to create a strategy that makes sense for your situation. It doesn't matter if you're looking for an immediate solution or if you want to start planning years before action is needed. We are here to guide you every step of the way.

Choosing BG

We don't work for the insurance companies; we work for you. Our advisors are appointed with all the major insurance carriers to help you find the right plan for your lifestyle. We offer the same coverage at the same cost. Breitenfeldt Group advisors are non-commission so together we can truly focus on your goals.

There are never any fees for our services.

Our Two Promises

When you choose a plan with us, we consider you a member of the BG family and we want to take care of you for as long as you need health coverage. As our member, we keep two promises to you:

1. If it's ever necessary to call an insurance company, we make the call for you or with you. We encourage our members to make us their first call. We are here if you need help with claims, billing, or any coverage related question.
2. We will review your coverage every year. We understand that your needs may change and so will the plan options available to you.
