

Cancer CARE for Life: Helping You Through Cancer

Cancer CARE for LifeSM
an INTERLINK® Health Company

When Jane found out she had cancer, she felt scared and unsure of what to do next. She was overwhelmed by the emotional, financial, and medical challenges. Everything changed when she was connected with Cancer CARE for Life.

Right away, Jane was paired with an oncology nurse who explained her diagnosis, answered her questions, and guided her through treatment. She no longer felt alone—she had a team of doctors, nurses, and experts by her side.

Cancer CARE for Life supported Jane's whole health—physical, emotional, and social. And when treatment ended, the Survivorship Program helped her regain strength and confidence.

With care and guidance, Cancer CARE for Life is more than support—**it's a true partner on the cancer journey.**
