

## **United Way Parking Process**

### **Purpose**

The purpose of this document is to outline the process for the allocation of designated United Way parking permits for St. Olaf faculty and staff.

### **Process**

To be eligible for a designated United Way parking space, a staff or faculty member must make a donation to United Way through the annual campaign. At the end of the United Way campaign, nine (9) staff or faculty members are randomly selected to receive a designated parking spot on campus, where faculty/staff parking is permitted, for one (1) month, courtesy of Public Safety and Facilities Management.
