

FGC Resolution 23/24-12 – To Change the Date for Submission of Tenure and Promotion Dossiers to Associate Deans

The Faculty Governance Committee moves to change the date that tenure and promotion candidates' dossiers are submitted to the appropriate Associate Deans from December 1 to November 25. The red type indicates new language, and the strikeout indicates removed language.

Rationale:

The recent increase in the numbers of faculty seeking tenure and promotion has made it difficult for Associate Deans to review candidates' dossiers before taking the steps enumerated in 4.VII.G, including preparing "a statement of recommendation and rationale to accompany the dossier." Shifting the date forward by approximately one week will allow Associate Deans sufficient time to prepare for those activities that occur after the dossiers are submitted.

The current language is as follows:

4.VII.G The completed dossier shall be forwarded to the appropriate associate dean(s) on or before December 1.

Revised text is as follows:

4.VII.G The completed dossier shall be forwarded to the appropriate Associate Dean(s) on or before ~~December 1~~ November 25.
