

# AFFORDING STUDY ABROAD/AWAY

St. Olaf has \$1M+ in scholarship funding for study abroad/away. If you apply to study abroad/away, you will be **automatically** considered for scholarship funding.

## Step 1: Estimate Cost Above Being on Campus

### Semester and Academic Year Example:

The College Year in Athens has a semester cost of \$5,090. The total program cost is \$11,315, but the \$6,225 cost of the on-campus housing/meal plan is subtracted from the program cost to arrive at the Cost Above Being on Campus of \$5,090.

### Interim Example:

The Politics and Environment in Puerto Rico program has a cost of \$4,150. The Cost Above Being on Campus for this program is \$4,150 because there is no additional cost to taking a course on campus for Interim.

## Step 2: Estimate Level of Financial Need

	U.S. CITIZENS + PERMANENT RESIDENTS	INTERNATIONAL
<b>HIGH*</b>	Students with a family income under \$75,000	Students receiving at least \$52,000 in grant/scholarship aid
<b>MEDIUM</b>	Students with a family income between \$75,000 and \$180,000	Students receiving between \$35,000 and \$52,000 in grant/scholarship aid
<b>LOW</b>	Students with a family income between \$180,000 and \$300,000	Students receiving between \$25,000 and \$35,000 in grant/scholarship aid

\* Including Pell Grant recipients

## Step 3: Estimate % of Costs Covered by Scholarship Funding

### Semester/Year Programs

Pell Grant Recipients: **100%**  
 High Need (Not Pell Grant): **70-90%**  
 Medium Need: **50-70%**  
 Low Need: **15-40%**

### Interim Programs

High Need (Including Pell Grant): **40-50%**  
 Medium Need: **25-35%**  
 Low Need: **15-20%**
