Privacy Policy

We know that your privacy is important to you and we strive to protect the confidentiality of your nonpublic personal information. We do not disclose any nonpublic personal information about our customers or former customers to anyone, except as permitted or required by law. We believe we maintain appropriate physical, electronic and procedural safeguards to ensure the security of your nonpublic personal information. Eligibility

All undergraduate students who are registered for 1.5 or more credit hours are automatically enrolled in this Insurance Plan at registration, and the premium for coverage will be added to their tuition bill, unless proof of comparable coverage is furnished.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse and dependent children under 26 years of age.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 15, 2016. The individual student’s coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 14, 2017. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the insured student.

A student who requests to cancel coverage under the Policy will receive a refund of unearned premium as of the time of cancellation if the unearned premium is for a period of more than one month. The return of unearned premium will be delivered to the Insured within 30 days following receipt of the Insured’s request for cancellation.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient’s representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department’s voice mail after hours by calling 1-877-295-0720.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-505-4160 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured’s responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

**Inpatient Expenses**

**PREFERRED PROVIDERS** - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-505-4160 for information about Preferred Hospitals.

**OUT-OF-NETWORK PROVIDERS** - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

**Outpatient Hospital Expenses**

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

**Professional & Other Expenses**

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

**Out-of-Pocket Maximum:** After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network per service Deductibles.

**Student Health Center Benefits:** The Deductible will be waived and benefits will be paid at 100% when treatment is rendered at the Student Health Center for the following services: services listed on the approved fee schedule on file with the Student Health Center.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

**UnitedHealthcare Pharmacy Benefits**

Benefits are available for outpatient Prescription Drugs on our Prescription Drug List (PDL) when dispensed by a UnitedHealthcare Pharmacy. Benefits are subject to supply limits and Copayments that vary depending on which tier of the PDL the outpatient drug is listed. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access www.firstudent.com for the most up-to-date tier status.

$25 Copay per prescription order or refill for a Tier 1 Prescription Drug up to a 31 day supply
$45 Copay per prescription order or refill for a Tier 2 Prescription Drug up to a 31 day supply

$60 Copay per prescription order or refill for a Tier 3 Prescription Drug up to a 31 day supply

Mail order Prescription Drugs are available at 2.5 times the retail Copay up to a 90 day supply.

**Specialty Prescription Drugs** – if you require Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drugs. If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

**Designated Pharmacies** – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Please present your ID card to the network pharmacy when the prescription is filled. If you do not use a network pharmacy, you will be responsible for paying the full cost for the prescription.

If you do not present the card, you will need to pay for the prescription and then submit a reimbursement form for prescriptions filled at a network pharmacy along with the paid receipt in order to be reimbursed. To obtain reimbursement forms, or for information about mail order prescriptions or network pharmacies, please visit www.firststudent.com and log in to your online account or call 1-855-828-7716.

Definitions:

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company’s behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Prescription Drug or Prescription Drug Product means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Prescription Drug List means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company’s periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

When a Prescription Drug Product is excluded from coverage, the Insured Person or the Insured’s representative may request an exception to gain access to the excluded Prescription Drug Product. To make a request, contact the Company in writing or call 1-800-505-4160. The Company will notify the Insured Person of the Company’s determination within 72 hours.

Urgent Requests

If the Insured Person’s request requires immediate action and a delay could significantly increase the risk to the Insured Person’s health, or the ability to regain maximum function, call the Company as soon as possible. The Company will provide a written or electronic determination within 24 hours.

External Review

If the Insured Person is not satisfied with the Company’s determination of the exclusion exception request, the Insured Person may be entitled to request an external review. The Insured Person or the Insured Person’s representative may request an external review by sending a written request to the Company at the address set out in the determination letter or by calling 1-800-505-4160. The Independent Review Organization (IRO) will notify the Insured Person of the determination within 72 hours.

Expedited External Review

If the Insured Person is not satisfied with the Company’s determination of the exclusion exception request and it involves an urgent situation, the Insured Person or the Insured’s representative may request an expedited external review by calling 1-800-505-4160 or by sending a written request to the address set out in the determination letter. The IRO will notify the Insured Person of the determination within 24 hours.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

With respect to Mental Illness, Medical Necessity means those services appropriate, in terms of type, frequency, level, setting, and duration, to the Insured’s diagnosis or condition, and diagnostic testing and preventive services. Medically Necessary Mental Illness services must be consistent with generally accepted practice parameters as determined by a Physician in the same or similar general specialty as typically manages the Mental Illness condition, procedure, or treatment at issue and must meet one of the following requirements:

1. Help restore or maintain the Insured’s health.
2. Prevent the deterioration of the Insured’s condition.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.
MENTAL ILLNESS means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current Diagnostic and Statistical Manual of the American Psychiatric Association. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

NAMED INSURED means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

NEWBORN INFANT means any child born of an Insured while that person is insured under this policy. Newborn infant includes a newborn grandchild who is financially dependent upon an Insured grandparent and who resides with that Insured grandparent continuously from birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child’s parent.

The Insured will be responsible for any additional required premium for the coverage. Uncollected past due premium will be deducted from claim payments.

OUT-OF-POCKET MAXIMUM means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

PHYSICIAN means a duly qualified licensed physician or any other provider of medical care and treatment when such services are within the scope of the provider’s licensed authority and are provided pursuant to applicable laws, other than a member of the person’s immediate family.

The term “member of the immediate family” means husband, wife, children, father, mother, brother, sister, and the corresponding in-laws.

PHYSIOTHERAPY means short-term outpatient rehabilitation therapies (including Habilitative Services) administered by a Physician.

POLICY YEAR means the period of time beginning on the policy Effective Date and ending on the policy Termination Date.

PRESCRIPTION DRUGS mean: 1) prescription legend drugs; 2) compound medications of which at least one ingredient is a prescription legend drug; 3) any other drugs which under the applicable state or federal law may be dispensed only upon written prescription of a Physician; and 4) injectable insulin.

REGISTERED NURSE means a professional nurse (R.N.) who is not a member of the Insured Person’s immediate family.

SICKNESS means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy’s Effective Date will be considered a sickness under this policy.

SKILLED NURSING FACILITY means a Hospital or nursing facility that is licensed and operated as required by law.

SOUND, NATURAL TEETH means natural teeth, the major portion of the individual tooth is present, regardless of fillings or caps; and is not carious, abscessed, or defective.

SUBSTANCE USE DISORDER means a Sickness that is listed as an alcoholism and substance use disorder in the current Diagnostic and Statistical Manual of the American Psychiatric Association. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.
URGENT CARE CENTER means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

USUAL AND CUSTOMARY CHARGES means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality where service is rendered. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.

**Online Access to Account Information**

UnitedHealthcare StudentResources Insureds have online access to claims status, EOBs, ID Cards, network providers, correspondence and coverage information by logging in to My Account at www.firststudent.com. Insured students who don't already have an online account may simply select the "My Account" link. Follow the simple, onscreen directions to establish an online account in minutes using your 7-digit Insurance ID number or the email address on file.

As part of UnitedHealthcare StudentResources' environmental commitment to reducing waste, we've adopted a number of initiatives designed to preserve our precious resources while also protecting the security of a student's personal health information.

My Account now includes Message Center - a self-service tool that provides a quick and easy way to view any email notifications we may have sent. In Message Center, notifications are securely sent directly to the Insured student's email address. If the Insured student prefers to receive paper copies, he or she may opt-out of electronic delivery by going into My Email Preferences and making the change there.

**ID Cards**

One way we are becoming greener is to no longer automatically mail out ID Cards. Instead, we will send an email notification when the digital ID card is available to be downloaded from My Account. An Insured student may also use My Account to request delivery of a permanent ID card through the mail.

**UHCSR Mobile App**

The UHCSR Mobile App is available for download from Google Play or Apple's App Store. Features of the Mobile App include easy access to:

- ID Cards – view, save to your device, fax or email directly to your provider. Covered Dependents are also included.
- Provider Search – search for In-Network participating Healthcare or Mental Health providers, call the office or facility; view a map.
- Find My Claims – view claims received within the past 60 days for both the primary insured and covered dependents; includes Provider, date of service, status, claim amount and amount paid.
UnitedHealth Allies

Insured students also have access to the UnitedHealth Allies® discount program. Simply log in to My Account as described above and select UnitedHealth Allies Plan to learn more about the discounts available. When the Medical ID card is viewed or printed, the UnitedHealth Allies card is also included. The UnitedHealth Allies Program is not insurance and is offered by UnitedHealth Allies, a UnitedHealth Group company.

Claim Procedures for Injury and Sickness Benefits

In the event of Injury or Sickness, students should:

1. Report to the Student Health Service or Infirmary for treatment, or when not in school, to their Physician or Hospital.

2. Mail to the address below all medical and hospital bills along with the patient’s name and insured student’s name, address, SR ID number (insured’s insurance company ID number) and name of the college or university under which the student is insured. A Company claim form is not required for filing a claim.

3. Submit claims for payment within 90 days after the date of service. If the Insured doesn’t provide this information within one year of the date of service, benefits for that service may be denied at our discretion. This time limit does not apply if the Insured is legally incapacitated.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of:

1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person’s coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured’s ID card.
Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.
Out-of-Pocket Maximum

Any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this benefit applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Benefits

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service — a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

14-BR-MN (PY16) 32
Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-effective manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company’s reimbursement policy guidelines. The Company’s reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.

14-BR-MN (PY16) 33
Pursuant to other appropriate source or determination that the Company accepts.

**Pediatric Vision Care Services Benefits**

Benefits are provided for Vision Care Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person’s coverage under the policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-6242. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

**Network Benefits**

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company’s negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider’s billed charge.

**Non-Network Benefits**

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider’s billed charge.

**Policy Deductible**

Benefits for pediatric Vision Care Services are not subject to any policy Deductible stated in the policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the policy Deductible stated in the policy Schedule of Benefits.

**Benefit Description**

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Benefits are provided for the Vision Care Services described below, subject to Frequency of Service limits and Copayments and Coinsurance stated under each Vision Care Service in the Schedule of Benefits below.

**Routine Vision Examination**

A routine vision examination of the condition of the eyes and principal vision functions according to the standards of care in the jurisdiction in which the Insured Person resides, including:

- A case history that includes chief complaint and/or reason for examination, patient medical/eye history, and current medications.
- Recording of monocular and binocular visual acuity, far and near, with and without present correction (for example, 20/20 and 20/40).
- Cover test at 20 feet and 16 inches (checks eye alignment).
- Ocular motility including versions (how well eyes move together for near vision tasks, such as reading), and depth perception.
- Pupil responses (neurological integrity).
- External exam.
- Retinoscopy (when applicable) — objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.
• Phorometry/Binocular testing - far and near: how well eyes work as a team.
• Tests of accommodation and/or near point refraction: how well the insured sees at near point (for example, reading).
• Tonometry, when indicated: test pressure in eye (glaucoma check).
• Ophthalmoscopic examination of the internal eye.
• Confrontation visual fields.
• Biomicroscopy.
• Color vision testing.
• Diagnosis/prognosis.
• Specific recommendations.

Post examination procedures will be performed only when materials are required.

Or, in lieu of a complete exam, Retinoscopy (when applicable) - objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.

**Eyeglass Lenses** - Lenses that are mounted in eyeglass frames and worn on the face to correct visual acuity limitations.

**Eyeglass Frames** - A structure that contains eyeglass lenses, holding the lenses in front of the eyes and supported by the bridge of the nose.

**Contact Lenses** - Lenses worn on the surface of the eye to correct visual acuity limitations. Benefits include the fitting/evaluation fees and contacts.

The Insured Person is eligible to select only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person selects more than one of these Vision Care Services, the Company will pay Benefits for only one Vision Care Service.

**Necessary Contact Lenses** - Benefits are available when a Vision Care Provider has determined a need for and has prescribed the contact lens. Such determination will be made by the Vision Care Provider and not by the Company. Contact lenses are necessary if the Insured Person has any of the following:

• Keratoconus.
• Anisometropia.
• Irregular corneal/astigmatism.
• Aphakia.
• Facial deformity.
• Corneal deformity.
• Pathological myopia
• Aniseikonia
• Aniridia
• Post-traumatic disorders.

**Low Vision**

Benefits are available to an Insured Person who has severe visual problems that cannot be corrected with regular lenses and only when a Vision Care Provider has determined a need for and has prescribed the service. Such determination will be made by the Vision Care Provider and not by the Company.

This benefit includes:

• Low vision testing: Complete low vision analysis and diagnosis which includes a comprehensive examination of visual functions, including the prescription of corrective eyewear or vision aids where indicated.
