Words cannot express the immense gratitude we have for the donors and their families. Additional people and programs that make our education and this team include...

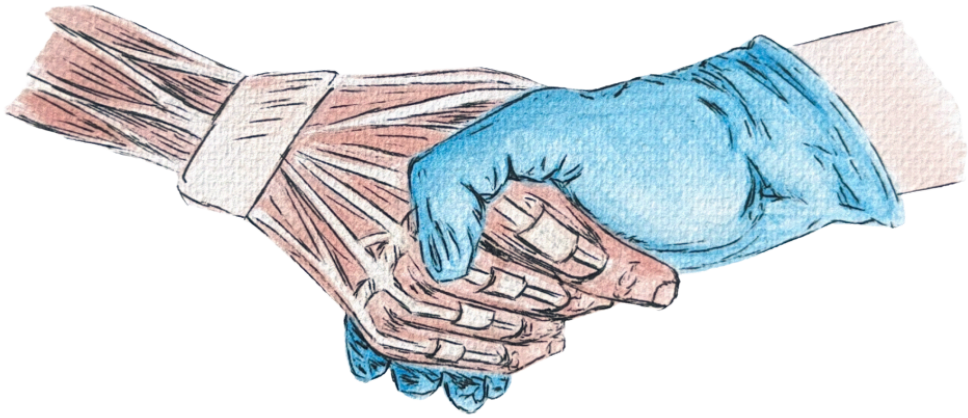

Anatomy Bequest Program at the University of Minnesota Twin Cities Medical School, St. Olaf College Biology, Kinesiology, Nursing, and Physics Departments, Pastors Matthew Marohl and Sarah Semmler Smith, Professor Beth Petitt, Professor Kevin Crisp

. . .

And finally, our instructor, Professor Takashi Maie

ANATOMY & PHYSIOLOGY

Service of Gratitude

PRESENTED BY THE 2026–27 HUMAN GROSS ANATOMY CLASS

TUESDAY NOVEMBER 17TH, 2026

Welcome to the 2026-2027 Human Gross Anatomy Team's service of gratitude. We are endlessly moved by this opportunity and as a team have decided to reflect on this experience and what it means to us through stories and thoughts on the impact of this program. Our central theme is connection, honoring the donors' selfless gifts that have shaped our understanding of the human body and holistic care. Please join us in honoring the generous donors that we have the privilege of working with and learning from this year.

. . .

Opening
Bree

Altruistic Gift
Cecelia, Kenna*, Samantha, Tess*

Memories
Haily, Lainey*, Lucienne

Embodiment
